

# 5 Ways People with Disability Can Help **IMPROVE YOUR BUSINESS**

**1 New Skills & Perspectives**  
Over 33% of employed people with disability work in professional, administrative and managerial roles.

**2 Your Business's Reputation**  
Studies show that 87% of the public would choose to give their business to companies that hire people with disability.

**3 More Time; Less Expenses**  
Federally-funded employment services can greatly assist in the recruitment process saving you time and money.

**4 Solution-focused Staff**  
People with disability generally possess high problem solving-skills through creatively rethinking how to manage challenging situations.

**5 A Workforce you can count on**  
Loyalty, punctuality and work ethic are some of the common attributes among people with disability.
